
Metrohm Academy
Tiamo Software Training (Townsville)

You are invited

Metrohm Australia invites you to an academy designed specifically for the users of **Metrohm's titration software, Tiamo**.

Are you getting the most out of your Metrohm Software? Tiamo™ is a control and database software for titrators, dosing devices and sample changers that allows complete laboratory automation, which is why the name tiamo stands for «titration and more» – tiamo™ can do far more than just titrate.

Course Description

1 day training course: 08:30am to 04:00pm

This course is designed for the everyday Metrohm Titration user, including:

- Training of the basic use of the software
- Introduction to a wealth of tips and tricks for efficiency and precision
- Monitoring instrument data
- Basic method writing
- Importing/exporting methods and results
- Creating databases
- Importing sample data
- Streamlining use of sample table

Coordinators

- Markus Menzi, Senior Northern Queensland Territory Manager
- Luis Puyo, Metrohm Australia/New Zealand Titration Product Manager

Equipment

- Demo Laptops with Metrohm Tiamo Software
