

Workshop

Titration Automation (NSW)

You are invited

The team at Metrohm Australia is holding a workshop on Titration Automation that may be of interest to you or to your colleagues and employees. This hands-on workshop is aimed at anybody who performs titration in his or her laboratory - be it manually or using titration equipment/instruments.

Everyone who uses titration knows how simple and fast the technique can be.

Automating the complete analysis with sample preparation, electrode assembly rinsing or reagent solution addition will provide more accurate and reproducible results, re-analysis is minimized.

This workshop helps you overcome day-to-day challenges by looking at the full benefits offered with automation.

Who should attend?

- Anyone performing titration who wants to improve reproducibility and accuracy
- Those responsible for calibration, cleaning and storage techniques of electrodes

Instructors

- Luis Puyo, Metrohm Titration Product Manager, Australia
- Charles McKibbin, Territory Manager, New South Wales

09 March 2018

Sydney

Metrohm Australia HQ

Unit 11, 56 Buffalo Road,
Gladesville, NSW, 2111

Programme

- 08:30am - Registration
- 09:00am - Welcome and introduction
- 09:15am - Overview of automated titration
- 09:30am - Titration automation applications
- 10:30am - Morning Tea
- 11:00am - Practical workstation 1
- 11:45am - Practical workstation 2
- 12:30pm - Complimentary lunch
- 01:30pm - Practical workstation 3
- 02:15pm - Conclusion and questions
- 02:30pm - End

Registration
