

Workshop

Titration Automation (WA)

You are invited

The team at Metrohm Australia is holding a workshop on Titration Automation that may be of interest to you or to your colleagues and employees. This hands-on workshop is aimed at anybody who performs titration in his or her laboratory - be it manually or using titration equipment/instruments.

Everyone who uses titration knows how simple and fast the technique can be.

Automating the complete analysis with sample preparation, electrode assembly rinsing or reagent solution addition will provide more accurate and reproducible results, re-analysis is minimized.

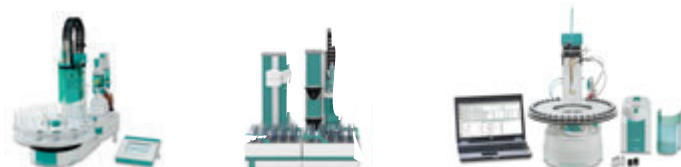

This workshop helps you overcome day-to-day challenges by looking at the full benefits offered with automation.

Who should attend?

- Anyone performing titration who wants to improve reproducibility and accuracy
- Those responsible for calibration, cleaning and storage techniques of electrodes

Instructors

- Luis Puyo, Metrohm Titration Product Manager, Australia
- Penny Lewis, Territory Manager, Western Australia

11 April 2018

Western Australia

Technology Park Function Centre

2 Brodie Hall Drive
Bentley, WA 6102 Australia

Programme

08:30am - Registration
09:00am - Welcome and introduction
09:15am - Overview of automated titration
09:30am - Titration automation applications
10:30am - Morning Tea
11:00am - Practical workstation 1
11:45am - Practical workstation 2
12:30pm - Complimentary lunch
01:30pm - Practical workstation 3
02:15pm - Conclusion and questions
02:30pm - End

Registration

Register online: mep.metrohm.com.au/mep-events/
