

## Workshop

# Food and Beverage Analysis in the Modern Laboratory

## You are invited

Metrohm Australia / New Zealand has the pleasure of inviting you to our workshop - Food and Beverage Analysis in the Modern Laboratory. Experience firsthand the power behind the instruments and benefit from our experts sharing their in-depth knowledge.

On show will be our Y15 fully automated Photometric Analyzer from BioSystems, our NEW Metrohm Titration system and our NEW Retsch Knife Mill Grindomix GM 200

This hands on workshop will show you how to overcome day-to-day challenges from sample preparation through to sample analysis in your laboratory relating to your specific applications with experts in each field providing you their experience to gain accurate and reliable results for you analysis.
